Department: Electrical Engineering

List of publications

International conference

- “An Experimental Study to Know the Behavior of Transformer Oil on Ageing” (SCES-2013) IEEE student conference on engineering and system, pp 343-348, April 2013, 978-1-4673-5630-5.
- “Residual life assessment of transformer using fuzzy logic method” international conference on Recent Trends in Computing & Communication Technology (RTCCE-2013), pp 267-272, April 2013, 978-981-07-6184-4.

National conference:

- “Aging Analysis Of Mineral Oil And Synthetic Ester Oil” National Conference on Electrical System and Energy Technologies (ESET-2013), pp 343-347, June 2013
- “A Fuzzy Logic Approach To Calculate The Health Index Of Oil Immersed Power Transformer” National Conference on Electrical System and Energy Technologies (ESET-2013), pp 348-353, June 2013
- “An Approach To Calculate The Health Index of the Oil Immersed Power Transformer” National Conference on Electrical System and Energy Technologies (ESET-2013), pp 354-358, June 2013
