The major Course Contents includes theory, Practical demonstration and Case Studies on the following topics: Fundamental of Ethical Hacking & Bug Bounty Hunting, Introduction to Real Facts of Cyber World, Indian Cyber Law and Its Importance, Virtualization & System Cloning, Window System Hacking - Vulnerabilities and Security, Hacking by Batch Programming & Scripting, Hacking by Malware Attacks and Security, Anti-Virus and Firewall Security, Malware Analysis & Fake Antivirus Detections, Proxy Server & Virtual Private Network (VPN) Technology, Password Hacking and Security, Data and Data theft Security, Email Account Hacking - Privacy and Security (Gmail And Yahoo Account Security), Facebook Hacking Attacks Security Implementation, Credit Card & Plastic Card And E-Shopping Security, Phone Attacks and Security (Android, Blackberry, iPhone) , Web-Application Penetration Testing & Vulnerability, IoT Hacking, fundamental of Cryptography, Network Security Management, Cloud Security and many more.

About the Institute: Rajkiya Engineering College (R.E.C.) Ambedkar Nagar was established by Government of Uttar Pradesh. The college is offering B.Tech Programme in three disciplines – Information Technology (IT), Electrical Engineering (EE) and Civil Engineering (CE) with intake of 60 seats in each branches. The students are extensively exposed to cross-cultural environment as candidates from other states such as Jammu & Kashmir, Madhya Pradesh, Rajasthan etc. also join this college. REC

Ambedkar Nagar is fully residential institution with three hostels for boys and one for girls presently.

About the Departments: The Department of Information Technology was established in 2010 with an intake of 60 students. The department has highly qualified, committed and well experienced faculty members with varied specializations. The faculties are involved in organizing and participating in several seminars, conferences and workshops in addition to their academic responsibilities. They have also published research papers in various national and international journals, presented papers in conferences in India. Over the years, the department has become a centre of excellence, providing in-depth technical knowledge and opportunities for innovation and research, with well-equipped computer facilities, virtual class room and R & D labs.

Information Technology Department is the first point of contact for the campus community by supporting telephone, computing, networking, and applications. IT Department is dedicated to facilitate and enhance teaching, learning, and administrative services and to increase the productivity and efficiency using information technology resources.

Target audience:

- Academician
